1. **What are the main findings?**
The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

2. **What are the main findings?**

The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

3. **What are the main findings?**

The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

4. **What are the main findings?**
The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

5. **What are the main findings?**
The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

6. **What are the main findings?**
The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

7. **What are the main findings?**
The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

8. **What are the main findings?**
The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

9. **What are the main findings?**
The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

10. **What are the main findings?**
The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

11. **What are the main findings?**
The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**

12. **What are the main findings?**
The main findings are:
a) **Highly correlated with smoking.**
b) **Highly correlated with smoking.**
c) **Highly correlated with smoking.**
d) **Highly correlated with smoking.**
